

PULSE SMART DRAFT

The beverage amenity everyone is talking about.

Nitro cold brew and craft lattes on tap, plus refreshers, energy, and electrolytes. All the craft drinks everyone is asking for, in one machine.

01 Nitro Cold Brew & Craft Lattes

The daily favorites. Smooth nitro cold brew and flavored lattes on demand. The drinks your people will come back for.

02 More Than Coffee

Also pours refreshers, energy, and electrolyte drinks. Something for every part of the day, every kind of person.

03 No Kegs, No Tanks, No Bulk

A sleek countertop machine, not a bulky cooler. No kegs to run dry, no nitrogen tanks to leak. Just reliable, consistent craft pours.

04 Smart and Connected

A truly smart machine. Scheduling, PIN code access, vending modes, and remote management built in.

05 Fully Managed

Install, stocking, cleaning, and service are all handled for you. Your team does nothing.

06 Custom Branded Wrap

Choose a branded design or go fully custom. The machine fits your room, not the other way around.
